

Safer  
Internet  
Day

**2023 ASSEMBLY**

# Safer Internet Day

**Want to talk  
about it?**

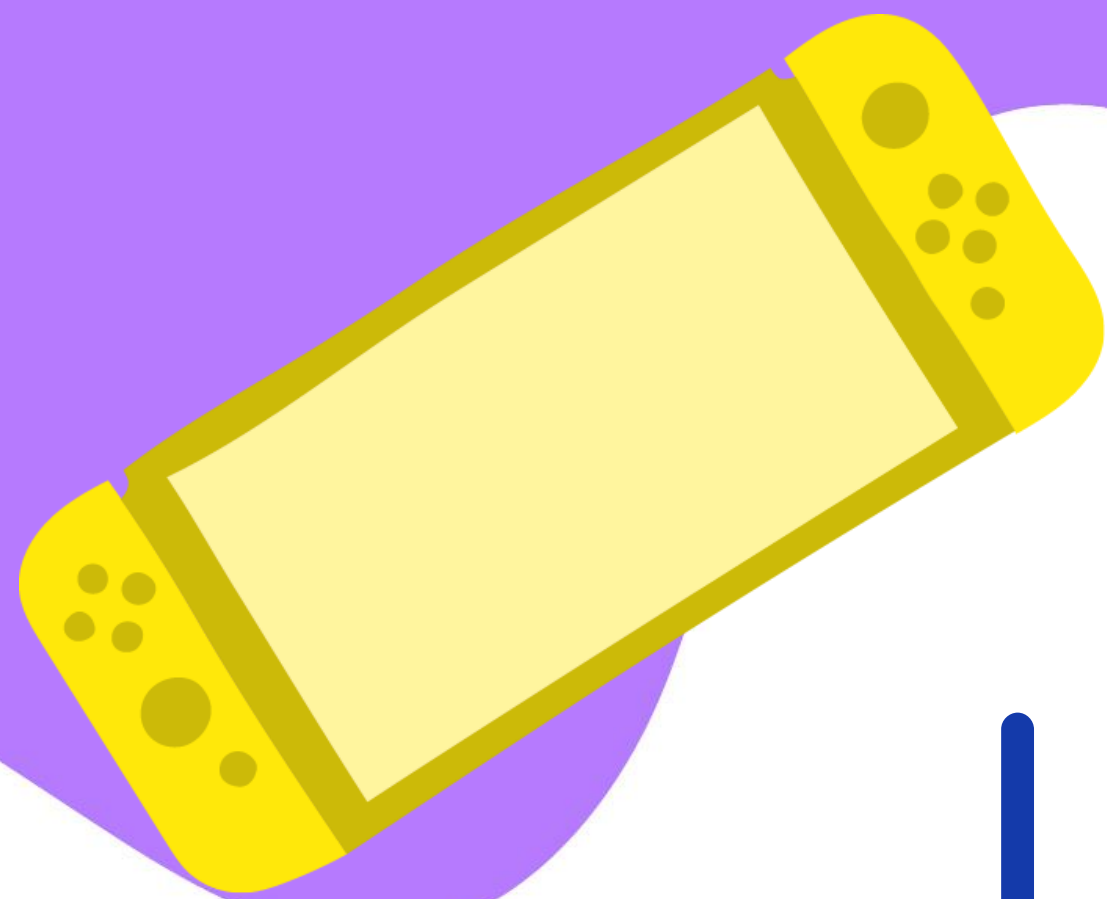

Making space for conversations  
about life online

# What is Safer Internet Day?

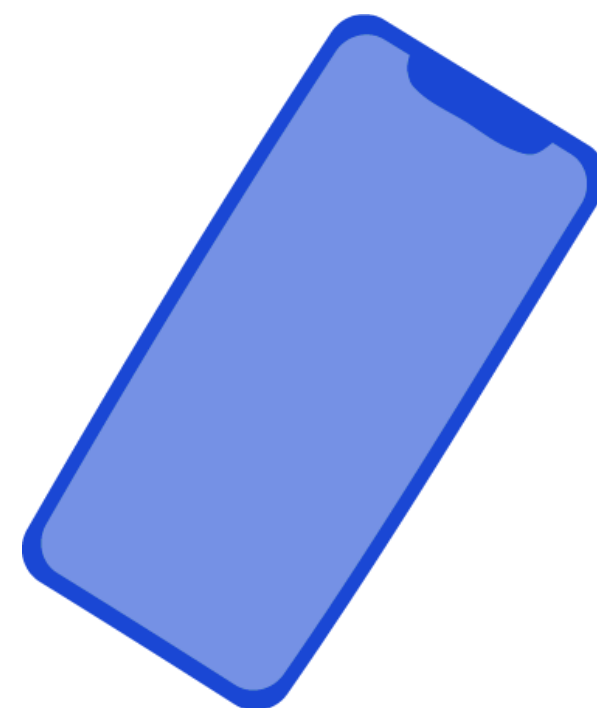

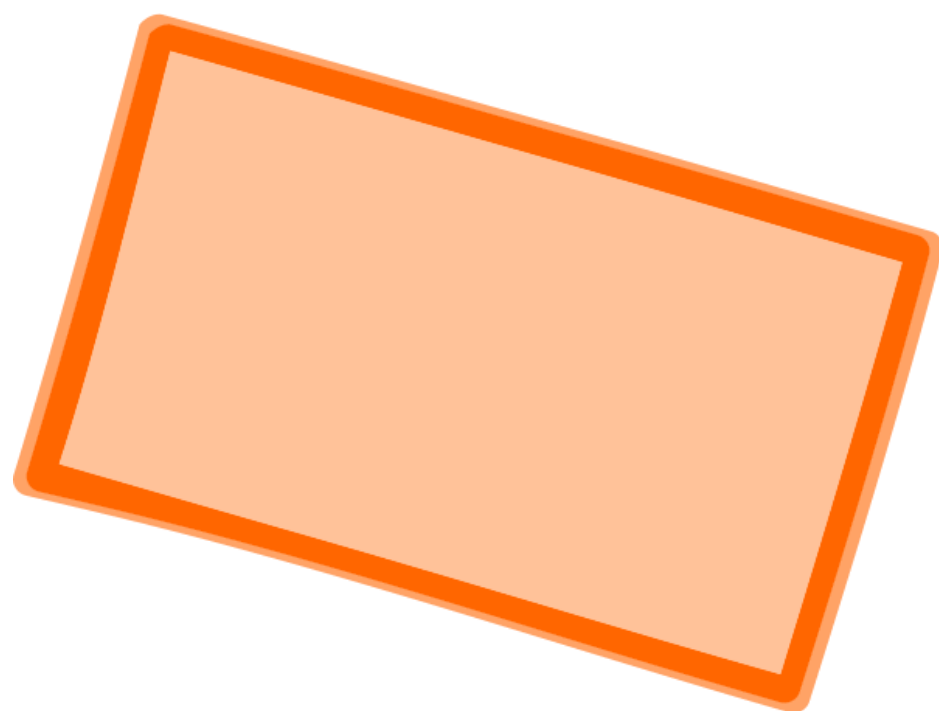

# Let's celebrate!

What's your favourite thing to do online?

# But sometimes things can go wrong online

Seeing scary things

Online Bullying

Fake news

Scams

Want to talk  
about it?

Wait a minute, why would I want to talk with someone about what I see and do online?

Because talking and communicating about anything can help in lots of ways!

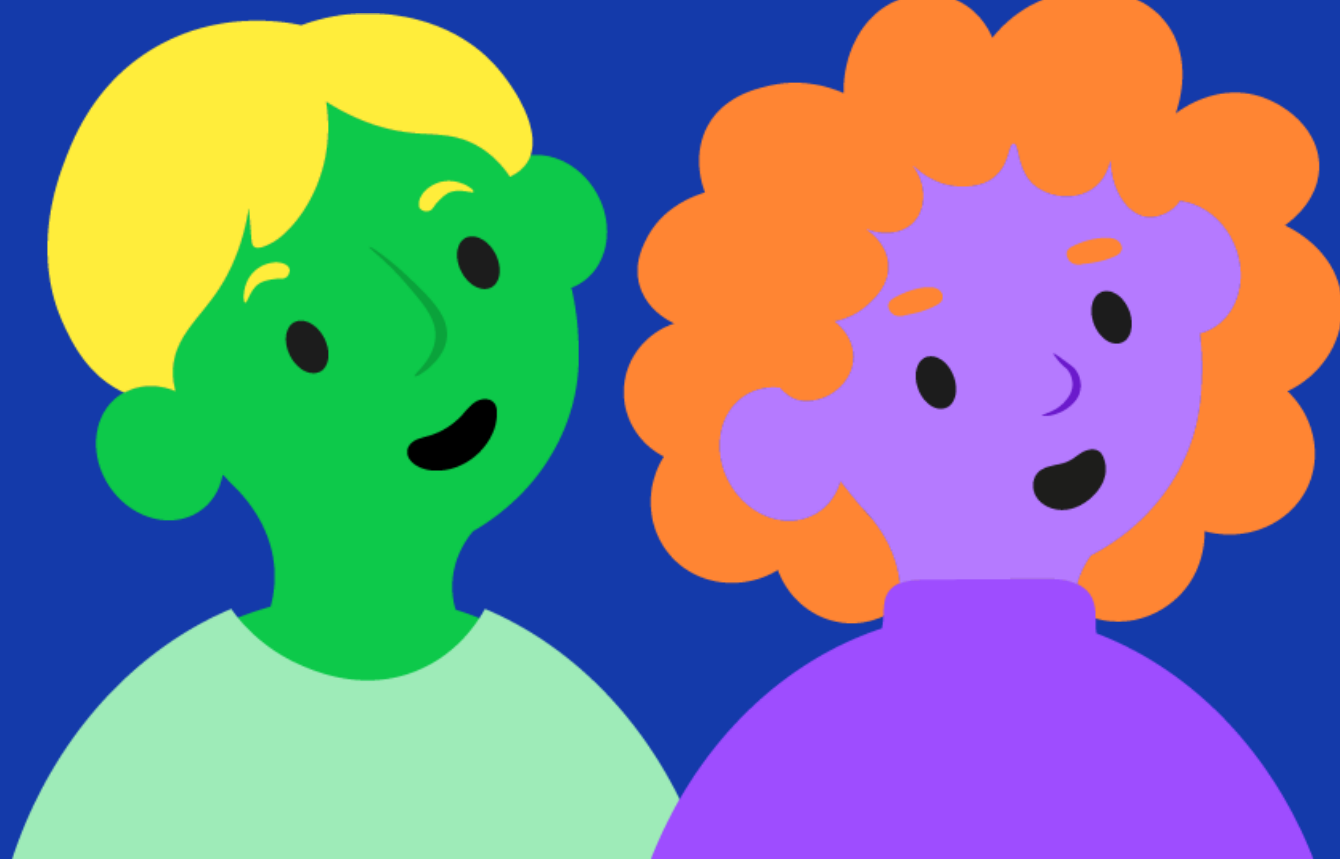

It's a way to connect and bond with other people

It's fun!

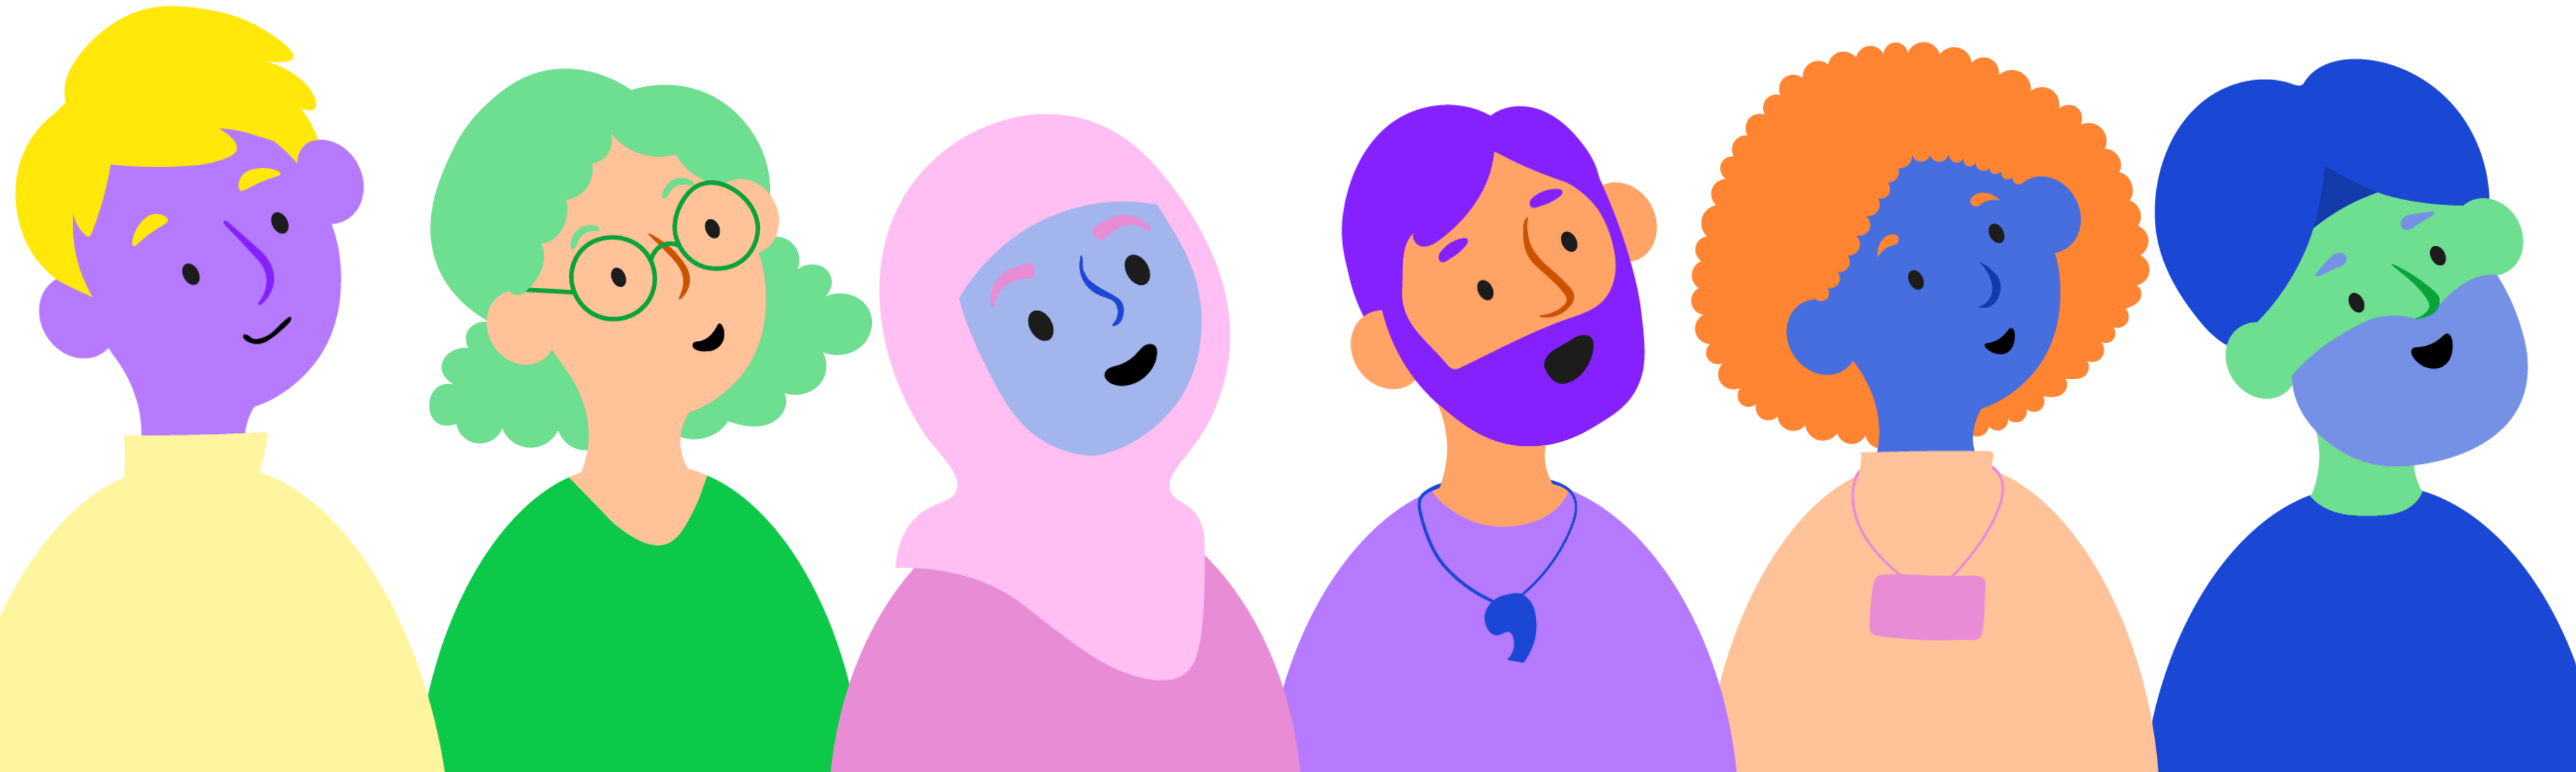

It's a chance to learn new things and ask questions

You can get help when things go wrong

It's a way to share information and ideas

# Who can you talk to?

# Getting help
