

Enriching Lives Everyday

Maths

Place Value, Addition and Subtraction, Multiplication and Division

Science - Light

Children will learn how light travels, that light is a beam of energy, how we see things and the relationship between the sun and the Earth.

English - The Egyptian Cinderella

We will be retelling and innovating with a well-known story; retelling a version of the story in our own style.

Religious Education - What do Christians learn from the Creation story?

Children will learn that Christians believe that the earth was created and the relationship between good and evil.

Design and Technology (DT) - Levers and Linkages

Children will design a product with a slider or lever and explain the user or purpose.

Modern Foreign Language (French) - Animals

We will learn the names of farm and zoo animals in animals in French.

Music -Let Your Spirit Free

Children will learn new musical vocabulary such as pitch, temp, sound tone etc

Art

Gestural Drawings with Charcoal
Children discover how to make drawings that capture a sense of drama or performance using charcoal.

Geography - Weather, Water and Climate

Children will learn why it rains, what makes up the weather, why we have seasons and where the Earth's water is.

Physical Education (PE)

Hockey, Pilates

PHSE - Family and Friendships

Children will learn how to recognise and respect different types of families.
